

remain in the bill are six and ten which there are amendments filed on both of those so that the Section 6 then would provide the funding for LB 604, which is \$1,057,000 plus there is a separate amendment in Section 6 that would appropriate if LB 618, which is the cap on Medicaid, does not pass, that would require 7.4 million additional Medicaid appropriation because of the cap not passing. It is the safety net only. And Section 10 deals with the community colleges and there is an amendment filed that would reduce the \$400,000 down to the same percentage increase that the University has after vetoes. All the other sections would be stricken from the bill and I assume that if somebody wanted to put one of them back in you could put it back in with 25 votes too.
